

## Design Technology

Create a junk model musical instrument which might be seen at a Mexican Festival.

Decorate it with bright colours and patterns.

## Computing

Add to the 'Hola Mexico' class blog on Purple Mash. Can you add some links to useful web-sites?

## Science

Find out about Mexican flowers, trees or animals. Record what you find in a poster or leaflet.

## Maths

Make a list of Mexican foods and snacks which are commonly found in British shops.

Create a tally chart to record how many people in your family like each food item.

Draw a bar chart to show your results and explain what your graph shows.

# HOLA MEXICO

## YEAR 5 HOMEWORK

Complete one homework a week from these options.

Topic homework should be handed in during registration on Wednesday.

## Design Technology 2

Design a Mexican menu and find out the ingredients and methods for cooking each dish (you don't have to cook the meals but you can if you want to!)

Try to include starters and desserts as well as a main meal.

Ask your family for their opinions on the food you have selected.
