

Key Instant Recall Facts

Year 1: Autumn 2

WALT: know number bonds to 10

This KIRF will be tested at the start and end of the term. In school, your child will receive one, fifteen-minute, timetabled slot a week to practise this skill. **By the end of this half term, children in Year 1 should know the following facts and be able to recall them instantly:**

Key Vocabulary:

Add, more, plus, make, altogether, total, equal to, count on.

Key Questions:

Which two numbers make 10?

$$3 + \underline{\quad} = 10$$

$$9 + \underline{\quad} = 10$$

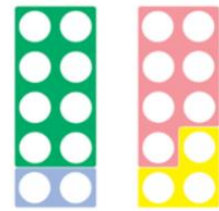

$$10 = 4 + \underline{\quad}$$

I have 5 oranges. How many more do I need to get to 10.

Some Examples:

10
2

10
3

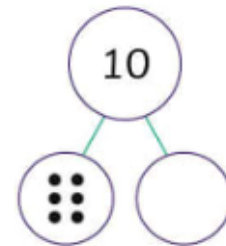

$$2 + 8 \quad 3 + 7$$

$$2 + 8 = \square$$

$$\square + 7 = 10$$

$$4 + \square = 10$$

https://www.youtube.com/watch?v=7Hr-a5w_phY – Number Block is a great CBeebies programme to reinforce number bonds and basic number manipulation!

Top Tips:

The secret to success? Practise little and often! Can you learn these on your way to school? On a car journey? Or even at the breakfast table? You don't need to learn them all at once: start with those you are more confident with before tackling the rest. Why not practise whilst keeping active? You could throw and catch or kick a ball whilst learning them!

Things to Try!

- ✓ Create pictures of ladybirds. Put spots on 2 sides so that they add up to 10.
- ✓ Play bingo. Say a statement e.g. $3 + _ = 10$. If they have the missing number, they can cross it off their card.
- ✓ Play snap with a deck of cards from 0 – 10. Say snap if the numbers are a pair that make 10.
- ✓ Use objects e.g. teddies. Show a number of teddies. How many more do I need to make 10?
- ✓ Throw a ball with a friend/family
