

Mathematics

We will be extending our mathematical knowledge by looking at:

- time, exploring 0 clock and half past.
- Weight, using weighing scales to determine lighter and heavier objects.
- Fractions, halves and quarters
- Multiplication, counting in 2s, 5s and 10s.

English

The book we will be exploring this term is **Last stop on market** street which looks at kindness.

We will be using adjectives and verbs in our sentences. As well as adding suffixes ing and ed to words correctly. We will continue to look at when to use questions marks and exclamation marks correctly. We will be taking part in role play to help us understand the story.

Geography

We will be exploring the weather in the UK and around the world. Looking at hot and cold countries and making links to locations and the equator.

The children will be working in pairs to create their own weather forecast.

Year 1

Summer Term

Enrichment

we will be taking part in cheer leading during our PE session at the end of our lessons all the children are invited to attend a cheer leading festival.

PE

This term we will be playing net and ball games. Learning the rules and developing our hand eye coordination.

We will be training for our cheer leading festival in July.

Science

How does your garden grow?

We are growing our own sunflowers this term as well as some vegetables. We will be investigating different plants that grow around our school these include ever green and deciduous trees.

Our main focus is what plants need to survive?

Art

Rain and sunrays

Artist Focus: Amanda Snyder

We will be creating our own weather symbols using different resources. Before creating our own print tiles allowing us to create our own weather prints.

Music

Cat and mouse

We will be listening to different pieces of music. Before learning new songs and chants.

We will be using musically instruments to create our own tunes and exploring beats and rhythms.

Computing laptops

Creating Media- Digital writing

We will be learning how to use the key board to support our digital writing. As well as learning how to save and print our own work.
